MAKE EVERYTHING RESONATE

GLAUK SYSTEMS
READY TO INSTALL

- **G-SYSTEM**
- **OUTDOOR SOLUTIONS**
- **HOTEL**
- **MUSIC PIC**

MAKE EVERYTHING RESONATE

Glauk is the revolutionary alternative to traditional speakers which transforms ordinary matter into resonance chambers to project sound without interfering with your space.

- **COMPLETE KIT**
- **READY TO INSTALL**
- **EASY TO ASSEMBLE**
- **FAST DELIVERY**

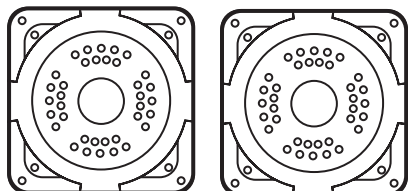

G-SYSTEM 1

FOR SMALL SPACES | BATHROOMS
HALLWAYS AND ENTRANCEWAYS

1 WI-FI STREAMING AMPLIFIER, AIRPLAY, BT, MULTIROOM

Streaming from every source type: online music services, web radio stations, NAS, USB drives, cell phone memory, TV audio and optical input, CD readers with RCA input, third party software with DLNA protocols and UPnP support.

2 EXCITERS

Glauk exciters provide a clean, non-distorted sound with an omnidirectional effect: they are magnets that disappear behind surfaces and transmit sound in the form of waves and vibrations.

APP CONTROL

Connect with the Glauk app for easy playback in Multiroom Mode. Click to group areas for synchronized playback, or select individual sources to play different music simultaneously in different rooms. All supported audio sources are available for streaming in Multiroom Mode from the stereo amplifier.

SKU: 1-ETT-KIT-00027

MAKE EVERYTHING RESONATE

Glauk is the revolutionary alternative to traditional speakers which transforms ordinary matter into resonance chambers to project sound without interfering with your space.

G-SYSTEM 2 +

FOR BEDROOMS | KITCHENS | LIVING ROOMS
SMALL SHOPS

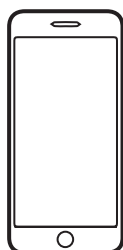

1 WI-FI STREAMING AMPLIFIER, AIRPLAY, BT, MULTIROOM

Streaming from every source type: online music services, web radio stations, NAS, USB drives, cell phone memory, TV audio and optical input, CD readers with RCA input, third party software with DLNA protocols and UPnP support.

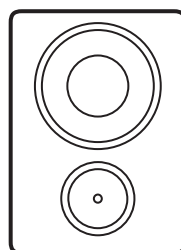

4 EXCITERS

Glauk exciters provide a clean, non-distorted sound with an omnidirectional effect: they are magnets that disappear behind surfaces and transmit sound in the form of waves and vibrations.

APP CONTROL

Connect with the Glauk app for easy playback in Multiroom Mode. Click to group areas for synchronized playback, or select individual sources to play different music simultaneously in different rooms. All supported audio sources are available for streaming in Multiroom Mode from the stereo amplifier.

1 ACTIVE SUBWOOFER

Adds an omnidirectional effect for low frequencies (below 100Hz).

MAKE EVERYTHING RESONATE

Glauk is the revolutionary alternative to traditional speakers which transforms ordinary matter into resonance chambers to project sound without interfering with your space.

- **COMPLETE KIT**
- **READY TO INSTALL**
- **EASY TO ASSEMBLE**
- **FAST DELIVERY**

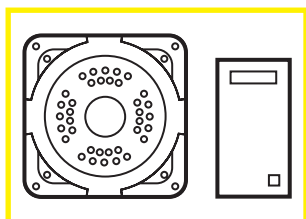

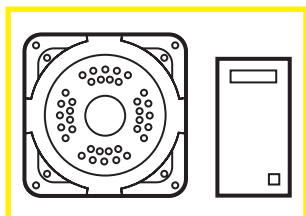

G-SYSTEM 3

FOR BEDROOMS | LIVING ROOMS | OFFICES
MID-SIZED SHOPS

1 WI-FI STREAMING AMPLIFIER, AIRPLAY, BT, MULTIROOM 2x50W

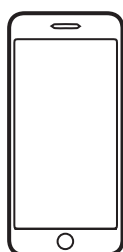

Streaming from every source type: online music services, web radio stations, NAS, USB drives, cell phone memory, TV audio and optical input, CD readers with RCA input, third party software with DLNA protocols and UPnP support.

2 PWD YELLOW

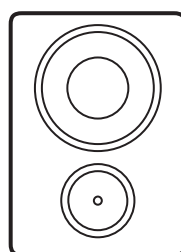

Glauk's patented excitors + crossover configuration guarantees the perfect diffusion of sound waves through every surface type.

PWD YELLOW: x3 EXCITERS + 1 CROSSOVER

APP CONTROL

Connect with the Glauk app for easy playback in Multiroom Mode. Click to group areas for synchronized playback, or select individual sources to play different music simultaneously in different rooms. All supported audio sources are available for streaming in Multiroom Mode from the stereo amplifier.

1 ACTIVE SUBWOOFER

Adds an omnidirectional effect for low frequencies (below 100Hz).

GREEN 3

FOR OUTDOOR SPACES UP TO 150MQ | GARDENS
TERRACES

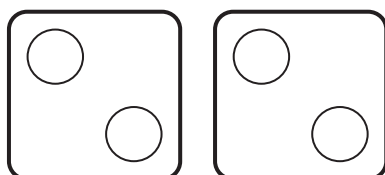

1 WI-FI STREAMING AMPLIFIER, AIRPLAY, BT, MULTIROOM 2x50W

Streaming from every source type: online music services, web radio stations, NAS, USB drives, cell phone memory, TV audio and optical input, CD readers with RCA input, third party software with DLNA protocols and UPnP support.

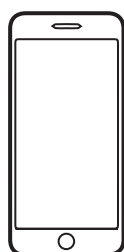

1 AMPLIFIER + DSP

A 100V professional audio amplifier: 4 channels with integrated controls, internal equalizer. Ideal for gardens and pool areas, this configuration features a built-in digital equalizer to optimize the sound system's performance.

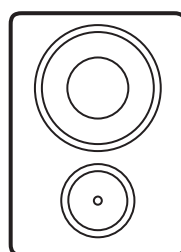

2 GREEN DREAM

The outdoor version of Glauk's patented *exciters* + crossover configuration: thanks to its protective waterproof shell it can be installed underground.

APP CONTROL

Connect with the Glauk app for easy playback in Multiroom Mode. Click to group areas for synchronized playback, or select individual sources to play different music simultaneously in different rooms. All supported audio sources are available for streaming in Multiroom Mode from the stereo amplifier.

1 OUTDOOR SUBWOOFER

Adds an omnidirectional effect for low frequencies (below 100Hz).

3 LINE TRANSFORMER

SKU: 1-ETT-KIT-00032

MAKE EVERYTHING RESONATE

Glauk is the revolutionary alternative to traditional speakers which transforms ordinary matter into resonance chambers to project sound without interfering with your space.

- **COMPLETE KIT**
- **READY TO INSTALL**
- **EASY TO ASSEMBLE**
- **FAST DELIVERY**

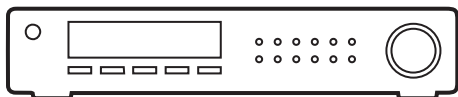

GREEN 4

FOR OUTDOOR SPACES UP TO 300MQ | GARDENS
TERRACES

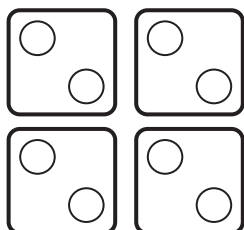

1 WI-FI STREAMING AMPLIFIER, AIRPLAY, BT, MULTIROOM 2x50W

Streaming from every source type: online music services, web radio stations, NAS, USB drives, cell phone memory, TV audio and optical input, CD readers with RCA input, third party software with DLNA protocols and UPnP support.

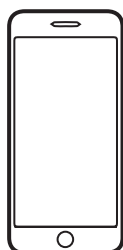

1 AMPLIFIER + DSP

A 100V professional audio amplifier: 4 channels with integrated controls, internal equalizer. Ideal for gardens and pool areas, this configuration features a built-in digital equalizer to optimize the sound system's performance.

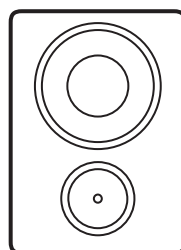

4 GREEN DREAM

The outdoor version of Glauk's patented *exciters* + crossover configuration: thanks to its protective waterproof shell it can be installed underground.

U-DECK 3

FOR POOL DECKS (12X5MT) | BATHHOUSES | TERRACES

1 WI-FI STREAMING AMPLIFIER, AIRPLAY, BT, MULTIROOM 2x50W

Streaming from every source type: online music services, web radio stations, NAS, USB drives, cell phone memory, TV audio and optical input, CD readers with RCA input, third party software with DLNA protocols and UPnP support.

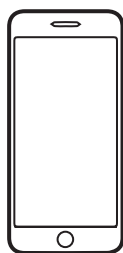

1 AMPLIFIER + DSP

A 100V professional audio amplifier: 4 channels with integrated controls, internal equalizer. Ideal for gardens and pool areas, this configuration features a built-in digital equalizer to optimize the sound system's performance.

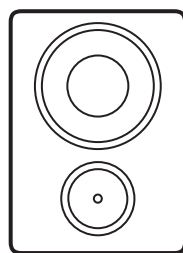

2 U-DECK

The underwater version of Glauk's patented *exciters* + crossover configuration: thanks to its protective waterproof shell, it can be installed inside pools or wet areas.

APP CONTROL

Connect with the Glauk app for easy playback in Multiroom Mode. Click to group areas for synchronized playback, or select individual sources to play different music simultaneously in different rooms. All supported audio sources are available for streaming in Multiroom Mode from the stereo amplifier.

1 OUTDOOR SUBWOOFER

Adds an omnidirectional effect for low frequencies (below 100Hz).

3 LINE TRANSFORMER

SKU: 1-ETT-KIT-00034

MAKE EVERYTHING RESONATE

Glauk is the revolutionary alternative to traditional speakers which transforms ordinary matter into resonance chambers to project sound without interfering with your space.

- **COMPLETE KIT**
- **READY TO INSTALL**
- **EASY TO ASSEMBLE**
- **FAST DELIVERY**

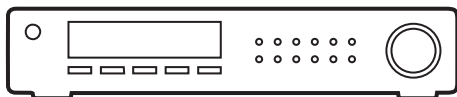

U-DECK 4

FOR LARGE POOLS | BATHHOUSES | TERRACES

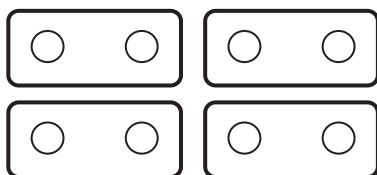

1 WI-FI STREAMING AMPLIFIER, AIRPLAY, BT, MULTIROOM 2x50W

Streaming from every source type: online music services, web radio stations, NAS, USB drives, cell phone memory, TV audio and optical input, CD readers with RCA input, third party software with DLNA protocols and UPnP support.

1 AMPLIFIER + DSP

A 100V professional audio amplifier: 4 channels with integrated controls, internal equalizer. Ideal for gardens and pool areas, this configuration features a built-in digital equalizer to optimize the sound system's performance.

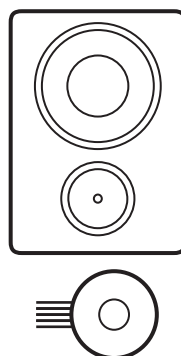

4 U-DECK

1 OUTDOOR SUBWOOFER

Adds an omnidirectional effect for low frequencies (below 100Hz).

5 LINE TRANSFORMER

SKU: 1-ETT-KIT-00035

MAKE EVERYTHING RESONATE

Glauk is the revolutionary alternative to traditional speakers which transforms ordinary matter into resonance chambers to project sound without interfering with your space.

- **COMPLETE KIT**
- **READY TO INSTALL**
- **EASY TO ASSEMBLE**
- **FAST DELIVERY**

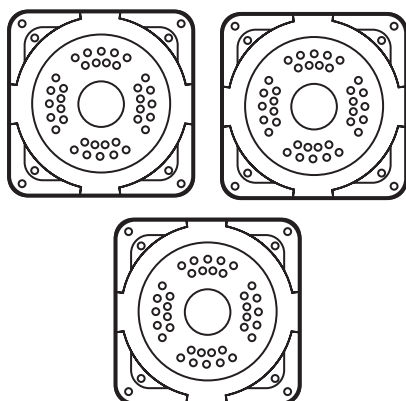

HOTEL 2

FOR HOTEL ROOMS: 1 BEDROOM + 1 BATHROOM

1 WI-FI STREAMING AMPLIFIER, AIRPLAY, BT, MULTIROOM 2x50W

Streaming from every source type: online music services, web radio stations, NAS, USB drives, cell phone memory, TV audio and optical input, CD readers with RCA input, third party software with DLNA protocols and UPnP support.

3 EXCITERS

Glauk exciters provide a clean, non-distorted sound with an omnidirectional effect: they are magnets that disappear behind surfaces and transmit sound in the form of waves and vibrations.

1 WALL PANEL BLUETOOTH RECEIVER

A universal wall panel with input for Bluetooth receivers compatible with all devices allows for high-quality audio transmission. Features a Bluetooth pairing button with LED verification light. To avoid overlap with nearby panels (ex. from adjacent rooms or cabins), the Bluetooth panel appears as a single identity.

MAKE EVERYTHING RESONATE

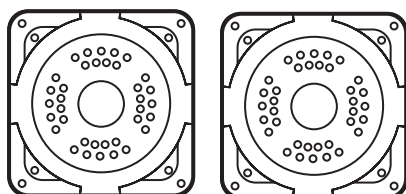

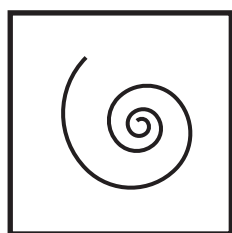

Glauk is the revolutionary alternative to traditional speakers which transforms ordinary matter into resonance chambers to project sound without interfering with your space.

- **COMPLETE KIT**
- **READY TO INSTALL
(ONLY ONE PLUG NEEDED)**
- **MODULAR**
- **CUSTOMIZABLE IMAGE**

MUSIC PIC

FOR DOMESTIC OR COMMERCIAL ENVIRONMENTS WHERE IT IS NOT POSSIBLE TO INTERVENE WITH MASONRY WORKS (MEDIUM SIZE)

1 WI-FI STREAMING AMPLIFIER, AIRPLAY, BT, MULTIROOM 2x50W

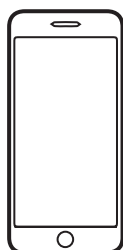

Streaming from every source type: online music services, web radio stations, NAS, USB drives, cell phone memory, TV audio and optical input, CD readers with RCA input, third party software with DLNA protocols and UPnP support.

PICTURE CANVAS

Customizable with any graphic or photographic image, it is applied to the wall and integrates the audio system inside.

2 EXCITER

Glauk exciters provide a clean, non-distorted sound with an omnidirectional effect: they are magnets that disappear behind surfaces and transmit sound in the form of waves and vibrations.

APP CONTROL

Connect with the Glauk app for easy playback in Multiroom Mode. Click to group areas for synchronized playback, or select individual sources to play different music simultaneously in different rooms. All supported audio sources are available for streaming in Multiroom Mode from the stereo amplifier.
